

Wavlink Activity Guide

Term 2 2024

About Us

Wavlink is based in Glen Waverley in the City of Monash, on the traditional lands of the Wurundjeri Woi Wurrung and Bunurong People. We recognise their continuing connection to this land and its waterways and share our respects to their people, past, present and emerging.

Wavlink is a warm, and welcoming Neighbourhood House and has been an important part of the community for more than 40 years.

Offering group activities that for adults with a disability or other support needs. With a focus on building capacity, confidence and community connection. We also run a calendar of community events for people of all abilities, and cultural backgrounds aimed at promoting inclusion and celebrating diversity.

Our team of dedicated tutors deliver creative, skills development and social programs that are person centered to meet the individual interests, needs and goals of our participants.

We do not provide individual support or complex care but if needed we can assist with information or referral to other local services. In some cases participants may attend with an independent support worker of their choice. This is subject to capacity.

Wavlink is a registered NDIS provider and is also supported by both State and Local government to provide accessible activities to eligible people.

As a registered charity we also rely on the generosity of donors. Funds raised enable us to maintain a high standard of service and deliver additional community strengthening activities that would not otherwise be possible.

For information about fees, funding eligibility, enrolling in a class, volunteering, donating or getting involved in our community activities please contact us.
